

TULSI

2020

Organizing meetings are for all the volunteers in the county, town, or precinct to get together to talk about updates from the campaign and get to know one another. An opportunity for Tulsi's supporters to get together will only build campaign camaraderie. The volunteer captain who organizes the meeting should also use it as an opportunity to get people to sign up for Reach, a Donor Challenge period, and a House Party. Organizing meetings will be monthly and should only be held at the county level for now until the campaign is built out further.

If you have any other questions, do not hesitate to reach out to your local volunteer captain. They should have an answer for any question you have and, if not, will get you an answer! Thank you again for all your help!

Checklist:
